3. Create your account through "Sign up" button
4. Navigate through the app using buttons on the bottom of the screen, as follows:

	Create a video. You can also address it to a specific person.
	Search for users in the app
	Navigate through the Home (feed) screen swiping vertically. To respond to the video, press "React" button. To see people's responses (if available), press on thumbnail in the right bottom corner. To upvote or downvote the video, press up or down arrow.
	See notifications in relation to your videos
	See your profile. You can change our name, password or upload your photo in settings.

5. Give us feedback either by responding to the opinyour video (yellow butterfly) that you can find in the Home screen, or by filling the form below:
